

Bambu How To Guide

To get started, first, you'll have to create an account!

How do you do that, you ask? Well, it's easy!

You'll want to check your email to see if you received a message like this:

You'll click the red button and then create your account. (The email that you provided to us, will be the email that is associated with your Bambu account. If you want a different email, please let us know.)

The image shows a web form for creating a Bambu account. At the top is the "BAMBU" logo. Below it is the text "Welcome! Please complete this form to create your account." The form has four input fields: "First name" (with "First name" placeholder), "Last name" (with "Last name" placeholder), "Email address" (with "kaylamarielopez7@gmail.com" placeholder), and "Create a password" (with "Create a password" placeholder). There is a checkbox labeled "Show password" which is currently unchecked. A large teal button labeled "CREATE ACCOUNT" is positioned below the password field. At the bottom of the form, it says "By creating an account, you agree to the [Terms of Service](#) and [Privacy Policy](#)."

From there, this is something like what your home screen will look like:

The screenshot displays the ROK Financial home screen. At the top, there is a navigation bar with the ROK Financial logo on the left and several menu items: Content, My Feed, Reports, and Company Settings. On the right side of the navigation bar, there is a red button labeled '+ Add Story' and a user profile icon for 'Madison ...'. Below the navigation bar, there is a secondary menu with options: Current, Upcoming, Past, Drafts, Needs Approval, Sources, and Suggestions. The main content area is titled 'Current Stories' and includes a 'Filter' dropdown menu and a 'Send a Newsletter' button. Below this, there are five story cards, each featuring a thumbnail image, the author's name, a title, a short description, the source 'rok.biz · Today', and a 'No Shares' indicator.
